Description

Our woven polypropylene sandbags are designed to excel in a wide variety of applications, especially flood relief and prevention.

Exhibits high tensile strength, exceptional elongation, and strong puncture resistance.

Sandbags are also 100% waterproof and will prevent contamination of product within the bag.

Sandbags are available with or without ties. Printing and colors available upon request.

Our sandbags are proudly made in America.

The information presented in this data sheet is believed to be accurate and is not intended to constitute a specification. The values given reflect average measurements, which can vary slightly. Users are encouraged to determine the suitability of this product for their own particular application(s).

Base on terms and conditions

Seller's only obligation shall be to replace such quantity of the product proven to be defective. Seller shall not be liable for any injury, loss or damage, direct or consequential, arising out of the use, or inability to use the product for his/her use, and the user assumes all risk and liability whatsoever in connection therewith. The foregoing may not be changed, except by an agreement signed by an officer or seller. We hereby certify that goods covered by this quotation have been produced in compliance with the Fair Labor Standards Act of 1983, as amended. Any credit memos to purchaser shall expire if not used within one year from date of credit memo.
