

# THE GRIFF NETWORK

*"Delivering Quality Through Innovation, Process and Service"*

## Contract and Toll Converting

Converting has been an integral part of Griff for over 40 years. In 2014, we opened a new facility to increase our conversion capabilities even further. We offer a full suite of converting services to handle paper, plastic, tape, label, nonwoven, foil, film, and laminate materials.

## Our Capabilities

With a wide range of machines in our facilities, our specialties include **Slitting, Sheeting, Coating, Laminating, Extruding, Die Cutting, Corona Treating**, as well as:

- Warehousing
- Packaging and Assembly
- Printing
- Perforating
- Embossing
- Brushing
- Metallizing
- Trimming and Splicing
- Traverse-Winding

## Warehousing Your Materials

Griff offers extensive warehousing space for our customers needs. With over 150,000 square feet of floor space and our racking system in four facilities, we can securely store your materials or equipment.

Our facilities are protected by 24 hour security as well as a series of high tech alarm systems.
